

# PLASTICS PIPE INSTITUTE

## ENERGY PIPING SYSTEMS DIVISION

### Presents DIMP Solutions

## Plastic Gas Distribution Piping Systems are:

- 🔥 Strong
- 🔥 Durable
- 🔥 Flexible
- 🔥 Chemically Resistant
- 🔥 Corrosion Resistant
- 🔥 Cost Effective

Plastic gas piping systems are ideally suited for trenchless applications. Plastic gas piping systems and components from Plastics Pipe Institute members represent sustainable solutions to aging infrastructure.

PPI offers enhanced DIMP solutions through Component ID Manufacturer's Registry at [componentID.org](http://componentID.org) for ASTM F2897 Bar Coding.
